THE REMARKABLE CASE OF MRS. ELIZABETH WILSON.

This bady resides at No. 1,273 Elisworth-st., Philadelphia. On the 24th of January last, she came for advice to Dr. Schenck, complained of pains in every part of her body; her stomach was much swolen, her bowels costive; the pain in her right side was exemcitaing; she was stuperied and mable to go up-stairs. According to Dr. Schenck's advice, she commenced with the Seaweed Tonic and Mandrake Filis. Her howels were so obstitutely costive that it required sight or ten pills every night to produce a passage, though one pill within twenty-four hours is sufficient in ordinary offices cases.

After a few days, to her treat aurgrise, she began to pass pieces, and sometimes long topes of alone or moons. She pieces, and sometimes long topes of alone or moons. Da. J. H. SCHENCK—Berr Sir: I have been for some time going to give you a certificate or statement of the great benefit I have derived from your SEAWEED TONIC AND MANDARE FILLS. I suppose I may say that I was ten years is boring—a great deal of the time—under what no one seemingly could live through. My disease was liver complaint and dyspepeta; my liver was so diseased that it stopped my blood from circulating, and I would get stupid spells. something like applexy. I tried every doctor I could near of, and tried all the medicines I thought suited my ones, and colonel pills without number. I have been confined to my bed a month at a time; my appetite was all gone, and what I would est would lay in my stomach for days and give me the most accruciating pains. My bowels were costive. One doctor put a seaton in my arm, which I wore for several years, antil I commenced with your medicine. I commenced with the SEAWEED TONIC and MANDRAKE PILLS, and took them as directed, and now I suppose what I am going to say can hardly be believed. I am an old woman, and wish to tell nothing but the truth.

Seaweed Tonic brings up the tone of the stomach and creates at once an appetite. After eating a hearty dinner, a wine glass full of it will digest the food and prevent any unpleasant feeling of fullness.

It is parfectly harmless and very agreeable to the taste. The Seaweed Tonic and Mandrake Pills have done more to promote the health of the army than any other medicines before the public. In Louisville, Ky., alone are thousands of dollars worth snipped weekly. By reading the following the public may be able to judge of the effects of these medicines.

The Seaweed Tonic is a compound extract, carefully distilled from a common weed growing on the see shore. It converte the food into chyme. It contains no corn whisky, or alcohol, but its atimulating properties are as pure as the best.
